BEST MOMENTS

"Okay but I'm writing assignment now Will listen after that"

— Moses Thalluri · 2021-01-07 · First message

"Good morning everyone!! For those who don't know, our college is collaborating with the cybersecurity organisation called CyberSoft. They offer the 3 semester program where the real world hacking is taught with live data from various organizations. Now, they expect for atleast and atmost 30 people from both 2nd year and 3rd year students. So, one must pay 14,000 rupees per semester for this progra"

This chat survived a 64-day quiet spell and came back.

A SHORT NOTE

This chat was made of 5,572 small updates between Cherie Jacinth & Moses Thalluri. June 2021 was the loudest. There were 10 good mornings and 2 moments of checking in on each other. There were quiet days too — but the conversation always found its way back. Mostly, it's proof that someone was there.

Some chats are not just conversations. They are proof that someone was there.
